Producer,
THE RAT PACK SUMMIT**

Subject: ***“A Las Vegas New Year’s Eve with The Rat Pack”.***

Dear Chuck (Frank):

How can The Boys and Girls Club thank you for an amazing evening culminating our Fundraising Project?

Your performance at the fabulous the Historic Alameda Theatre was a terrific way to celebrate the work that the community has put into the project.

And your celebrity Dedication of the new Facility by Frank Sinatra will be one for the record books.

A few things were noteworthy:

The first is the thrill of celebrating our event with real Hollywood celebrities- and that’s how it felt because your show made the characters so natural and so real.

Second was the way you tied our event and our people into your show... it made our cause come to life.

And third was that the event raised a great contribution benefit the Boys and Girls Club Construction Fund. That was because of the wide age group appeal of your show was able to attract. The Rat Pack Summit is a perfect draw to get wide participation and a great crowd of Donors... and that’s what made the event financially successful.

Finally the VEGAS THEME is a perfect fit for a “Special Event” evening that includes Casino Games, fine wine, gourmet cuisine, raffle, silent auction, and a real live orchestra. The variety of music they performed was fabulous.

Thank you for making our own people movie stars, and for making the event a hit!

Best wishes,

Sally Rudloff
