Chuck Sinatra's RAT RAT PACK SUMMIT & Orchestra Open the Fairfax Jazz Festival
Guest Starring Jazz Greats Jon Hendricks and Harold Jones

Dear Chuck

Thank you for Head-lining our Opening Night Gala with your "Frank Sinatra RAT RAT PACK SUMMIT."

We took a small chance to hire you as a relatively new act for our Opening Night- and what an opener it was. Your performance was the first of several surprise hit acts, and set the stage- literally- for the Festival, which went on to become the greatest in the history of Marin.

This year's retrospective "The 20th Century in jazz", presented 24 groups and world acclaimed and local artists, on 9 stages, two outdoor stages, and 7 indoor venues, including Fairfax's coolest venues and favorite clubs.

Your finishing duet with soul singer Jon Hendricks, backed by Count Basie and Tony Bennett's own Harold Jones on the drum set was a highlight for the evening and stopped the show

Thank you "Frank Sinatra" and your "RAT PACK SUMMIT" !

Best wishes and many returns,

Fairfax JAZZ Festival
