Subject: "A SWINGING AFFAIR with THE RAT PACK SUMMIT" The Perfect CLUB NIGHT

Dear Chuck (Frank):

I am still getting rave reviews from our membership and guests after THE RAT PACK SUMMIT took our The SEQUOYAH COUNTRY CLUB by storm last weekend. I don't think the members quite knew what to expect. And I still don't think they quite believe what they saw.

Your staging set the scene perfectly. The Clubhouse looked like a Las Vegas Lounge. Lighting, stage, all perfect. It transported the audience into another place and time- The Sands Hotel in 1960.

First the comedy had them in stitches. The jokes came one after another until they were punch drunk. Dean Martin's character was hilarious, and dead on. Only problem- I think some of the wives wanted to take him home. Sammy's voice brought down the house. Franks sound and phrasing were so dead on it was scary, and the group songs were extremely entertaining.

But the climax this year was the "Frank and Dean's Penthouse Party" in the Lounge. At the end of the show you took the party straight through the audience and into our Lounge Bar. It was like a private party with the cast of "Oceans 11"

A very big thank you- for making it all happen within our budget. We never have expected that much entertainment for the budget. I know you worked specifically to make that happen for us.

I expect to see you back soon. I have forwarded your contacts to several members for upcoming events including a major Northern California charity fund-raiser.

Best wishes,
